Business Context & Objective

Our objective is to improve sales performance by understanding customer behavior and optimizing our pitch strategy.

- Understand customer conversion behavior
- Identify drivers of sales performance
- Optimize pitch strategy and outreach efforts
- Increase overall conversion rates

Made with GAMMA

Current Sales Performance Snapshot

Baseline metrics prior to optimization

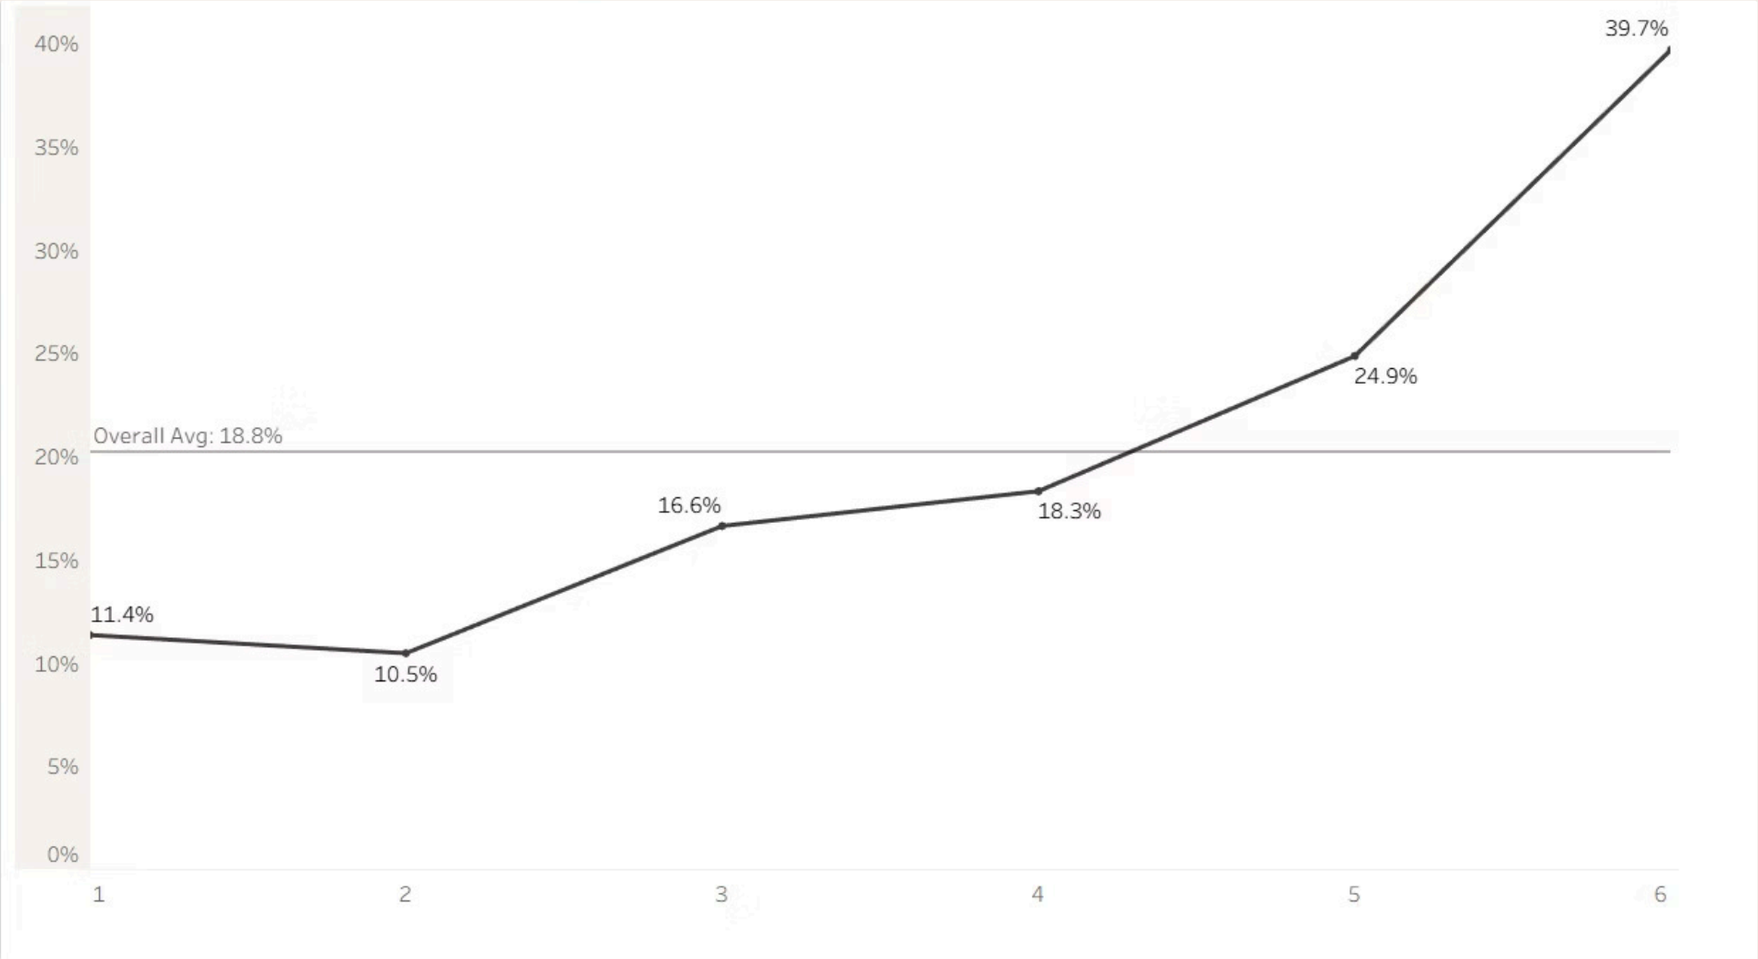
18.8%
Conversion Rate

3.7
Average Follow-Ups per Lead

15 Minutes
Average Pitch Duration

Made with GAMMA

Follow-Ups Significantly Increase Conversion



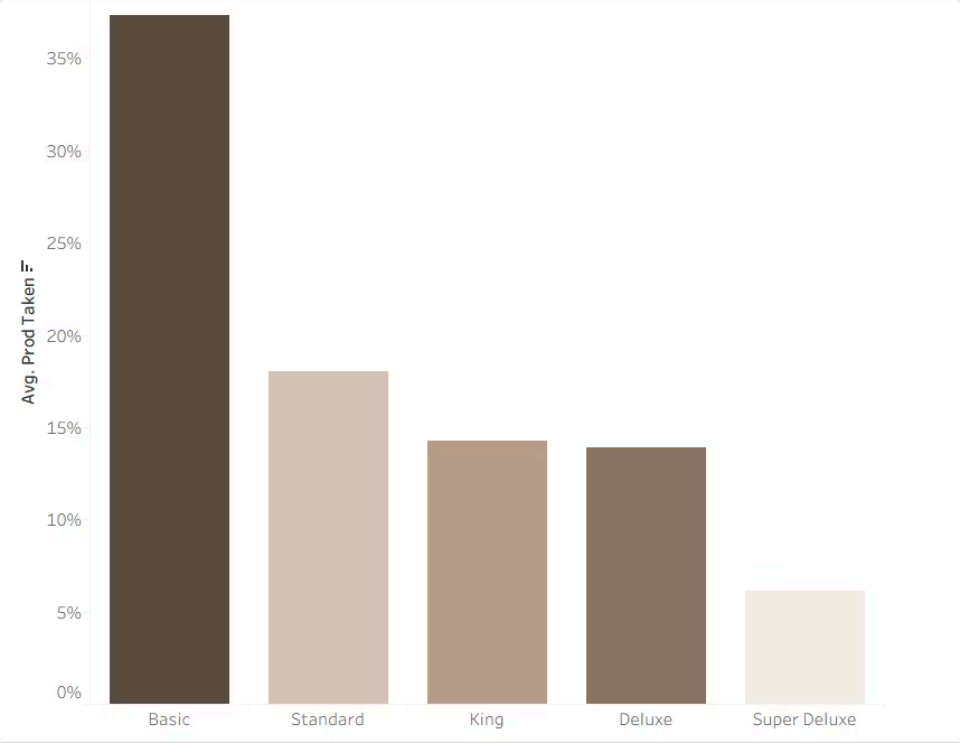
Performance remains below average through 4 follow-ups

Significant lift begins at 5 follow-ups

Highest performance achieved at 6 follow-ups (~40%)

Made with GAMMA

Product Mix Significantly Impacts Conversion



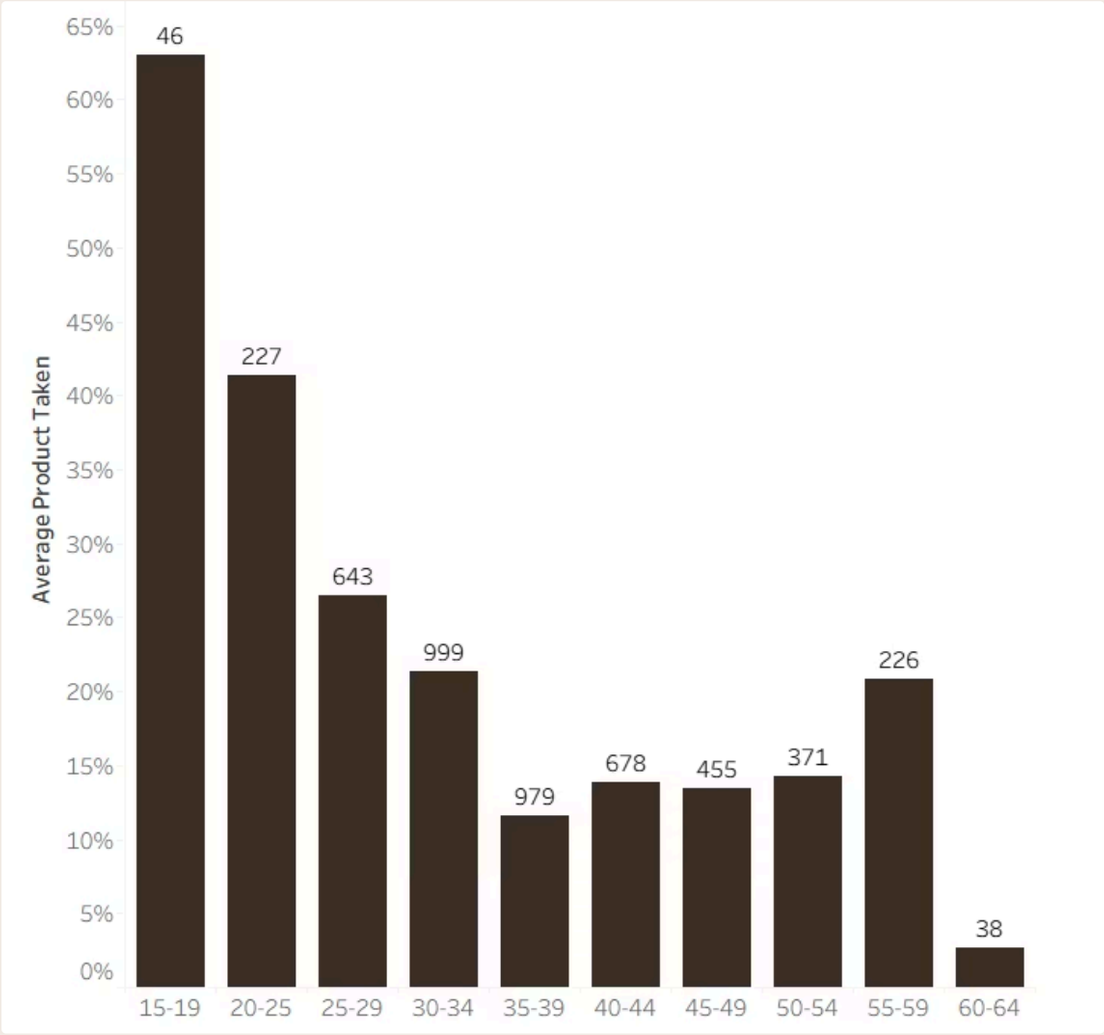
Basic packages convert at the highest rate (~37%)

Premium tiers underperform significantly

Customers respond better to value positioning than upselling

Made with GAMMA

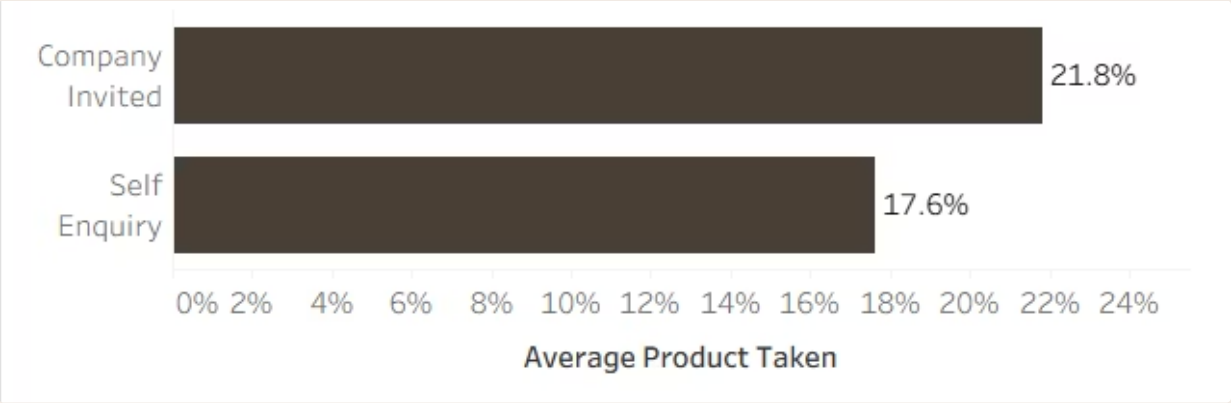
Customer Segments Drive Performance Differences



- 15–25 segment drives strongest conversion
- Performance softens across 30–44 age range
- Repositioning messaging for 35–44 could increase lift

Made with GAMMA

Outreach Strategy Influences Conversion



- Company-invited leads convert at a higher rate (~21.8%)
- Self-enquiry traffic converts lower (~17.6%)
- Proactive outreach appears more effective than passive demand

Made with GAMMA

Key Insights

Sales Process Optimization

Conversion accelerates after 5+ follow-ups

Pitch Strategy

20–30 minute pitches deliver strongest results

Product Positioning

Basic packages outperform premium tiers

Target Segments & Outreach

Younger audiences and proactive outreach drive higher engagement

Made with GAMMA

Actionable Recommendations

Sales Process Optimization

Implement a minimum 5-touch follow-up cadence per lead. Establish structured outreach timelines to reduce early drop-off.

Product & Target Focus

Position Basic packages as the primary value entry point. Prioritize younger segments and proactive outreach channels.

Pitch Strategy Refinement

Standardize pitch duration to the 20–30 minute optimal window. Eliminate extended presentations that reduce engagement.
